A HUNDRED LIVES.

Such is the Number Drowned at Sioux City.

GREATER THAN FIRST REPORTED

It is Impossible Even Yet to Obtain a List of the Drowned—From Many Other Places in the Inundated West Come Reports of Loss of Life and Property.

SIoux CITY, Ia., May 20.—According to the latest telegrams the flood has been even more disastrous in its results than was at first anticipated. The estimates as to the loss of life vary from sixty to one hundred. No list can yet be given of the dead. In fact the terrorized people have sought refuge in so many quarters that it is impossible to exactly figure what the number on the death roll will be.

At the manufacturing suburbs of Leeds nine persons are known to be drowned. Four men were drowned at Springdale. Observers on the high bridge counted fifteen bodies that swept under it.

A partial list of the persons known to be drowned is as follows:

Frank Henderson, wife and child.
Two boatmen, names unknown.
A. P. McClearat.
A. G. Anderson, engineer.
George C. Millard.
Thomas Fitzgerald, laborer.
Oliver Hoblitz.
Peter Rasmussen, wife and child.
An unknown Scandinavian at Young's ice house.

Mrs. Peter Rasmussen and two children.

Two unknown men near Fourth street, near Fairmount bridge.

Unknown man at Sioux City and Northern yards.

As the water recedes the list of deaths will certainly be increased.

Some heroic scenes were witnessed in the attempts to save the unhappy victims.

At the Omaha bridge the West family met disaster. Mrs. West and her little five-year-old girl were unable to get away from the flood in time. The father and two children were safe and the rescuing party were returning for Mrs. West and her child when the waves swept the house away. They floated down with the roaring current until the bridge was reached. An engineer succeeded in saving the woman, but her strength failed her and she was compelled to relinquish her hold on her child. With a despairing cry of "Mamma," the child disappeared beneath the waves.

Matt Roe, an old sailor, saved twenty-eight lives.

A woman who managed to wade to a box car was there seized with labor pains and gave birth to a child and two hours later was rescued.

A woman named Hinton and three children were drowned in their own house. Two Swedish families were swept away.

One lady named Mrs. Keeley, aged sixty-seven years, was found up to her chin in water. She had put a trunk on a table and sat on it for twenty-four hours. She will recover. Foreman Peck, of the Leeds engine works, said: "The flood struck here at 5:55. One of the boys saw it coming and told me. I warned the men and they fled. By ropes the rescuing boats were sent out and pulled in by the crowd on shore. Bob Harvey, an old boatman, went out in a boat after some one who could not be reached. The boat disappeared and was not seen again."

Oscar Anderson, who worked all day yesterday like a hero, and who witnessed the drowning of a little child torn away from its mother when the rescuing party had almost reached her, lost his reason and is raving about the beautiful baby that was swept under the muddy waves.

The city council has subscribed \$5,000 for the relief of the sufferers and the citizens added in making large donations.

At the ordinary stage of water the Floyd river is as insignificant as it could be. But swollen by the continual rains until its never well defined banks were obliterated, it was in poor condition to carry away the immense flood of water which fell in the cloudburst. A wave moving as a solid wall of water swept down the narrow valley of the stream. The Floyd flows through the center of Sioux City and along its banks are the homes of thousands. To these the flood brought death and demolition of their homes. One million dollars will not cover the loss by flood to this city.

The water in Floyd river has receded rapidly, but is still outside of its banks and a considerable portion of the bottom is still covered, but to no great depth for the most part. The scene which is disclosed by the recession of the flood is one which beggars description. Throughout the flooded district it is one story of destruction and damage. The flood at its height extended from Court street to the Floyd bluffs and from the suburb of Lynn to the Missouri river. This comprises a district four miles long and a mile and a half wide. For a distance of a mile and a half above the mouth of the Floyd the bottom is densely populated. A large portion of the inhabitants are poor people who are employed of packing houses, railroads, etc. There are a great many retail shops throughout this region. There is a confused scene of desolation. At the height of the flood the current struck straight through the residence street.

Among those nearest the river scores of dwellings were swept from their foundations and carried long distances and either smashed or turned bottomsides up. Its uncommon sight to see a dwelling turned over on its side or roof. Many two-story buildings were swept away. The buildings which are twisted or carried short distances are innumerable. It must be remembered that over

all this area for six or eight streets from the river the water was far above second-story windows with a swift current and the wind blowing a hurricane. Everywhere fences, outhouses, sidewalks, wooden pavements, railroad ties, and timbers are scattered about among the contorted and overturned dwellings.

Many of the streets are paved with cedar blocks and the water lifted hundreds of thousands of them and carried them away. In some places the immense masses of debris piled on top of houses. Several thousand people closely followed the receding flood to search for their homes and missing ones. Only a few on the outer edge of the flood will be able to occupy their homes at present. The streets are an impassable mire. Door yards are filled with mud and driftings. What houses are not wrecked and carried away will be almost uninhabitable. Furniture is destroyed and many things in the houses lost.

No trains have left the city yet except on the Milwaukee-Dakota line.

In the Floyd bottoms are the packing houses and most of the manufacturing plants of the city, and the little homes that naturally cluster about the workshops. The providence which brought the flood in the morning instead of at night is alone responsible for the comparatively small loss of life. About 400 head of cattle and 600 head of hogs were drowned at the stockyards.

A public meeting was held at the court house, which was attended by all the wealthy men of the city. Committees of workers were appointed for all features of relief and sufficient money subscribed to meet immediate necessities. Sleeping places were found for every refugee last night. The ladies of the city met before noon yesterday in one of the principal halls of the city and at once filled it with tables and began serving meals. Several thousand were thus served, and after their meal those insufficiently clothed were taken to another hall where clothing was forthcoming and fitted out. So it may be said that in spite of the overwhelming floods which ridded the working-men's quarters of Sioux City all were fed and clothed and housed last night. It is not the intention to ask for any outside aid.

ALONG THE MISSOURI RIVER.

Untold Damage Already Done and Greater Damage Expected.

KANSAS CITY, May 20.—The Missouri river is on a regular rampage again. It rose a foot and a half yesterday. The Kaw is also rising rapidly here and above. The rise at Manhattan was six and a half feet. All advices from the upper Missouri show a continued rise there. Great damage has been done at Plattsmouth and Minersville, Neb. At St. Joseph, Mo., the river is higher than it has been at any time and is still rising. Much damage has been done to houses in the lower part of the city, and railroad tracks have been washed out and covered with landslides that traffic is almost suspended. At Leavenworth everything in the lower part of the city is flooded. From Leavenworth in all directions railroad traffic is almost suspended.

In Kansas City the situation is serious in the excitement, and with the rise coming, which is predicted by the signal office the whole west bottoms on which the big wholesale houses and manufacturing establishments are situated will doubtless be flooded.

AT ST. LOUIS.

Thousands Now Homeless and a Famine Threatened.

ST. LOUIS, May 20.—At 10 o'clock yesterday morning the water broke over the levees in the town of Madison and in two hours the streets were flooded to a depth of four feet. The inhabitants were forced to leave their homes and seek shelter on higher ground east of there. The water flowed in an unchecked stream towards the little hamlet of Venice, and in a short time the place was under water.

All through the morning hours every available man that could be pressed into service was employed in strengthening the embankment of the railroad which protects East St. Louis. At 11 o'clock three small breaks occurred in the Ohio and Mississippi dyke and it was feared that the entire dyke would give way. The crevasses were quickly filled, however, and for a time at least the danger was averted.

The people who were forced to abandon their homes in the lowlands adjacent to East St. Louis, are already beginning to feel the pangs of hunger and a famine is now threatened. Wagons loaded with meat and breadstuffs have been sent to them.

Reports received from Alton state that the city is still completely cut off from railway traffic.

The river at St. Louis is steadily rising and the gauge records thirty-six feet and four inches. More damage was done locally yesterday than at any previous time during the flood. Property in the northern limits of the city is now threatened with damage. The current in the river is running at the rate of twelve miles an hour and surely cutting away the embankments of the Chicago, Burlington and Quincy, and St. Louis, Keokuk and Northwestern roads. If these embankments give way a great portion of the city will be flooded. The backwater is rising fast and is causing great damage in the lumber district.

The latest weather reports show that a rise of three feet is coming down the Mississippi and other rivers. This will cause the river here to rise at least one foot within a few days. This means that the entire country from here to New Orleans will be flooded, as the levees will not be able to stand so great a body of water.

East St. Louis is now the only town in the American bottom not completely under water. Another rise will inundate it. A mass-meeting has been called on the Merchants' exchange for this afternoon to raise funds to aid the flood sufferers. Within a radius of twenty

miles around St. Louis 200 square miles of land is under water. Fully 10,000 people are without shelter. In the city over 20,000 people have been thrown out of work by factories being inundated. Over 20,000 head of cattle have been destroyed. The loss will reach up into the millions.

AT ALTON, ILLINOIS.

The River Raging and Already Six Miles Wide.

ALTON, May 20.—A northwesterly gale blowing sixty miles an hour, has raged here for the past twenty-four hours, doing fearful damage to property in the flooded districts. No less than a score of farm houses which stand in ten feet of water and were secured by lines to trees are reported as carried from their foundations and wrecked. The six-mile wide river rolled like the ocean, and no signals of distress could be answered by the relief steamers.

Fearful damage has been done by the waves dashing against the railroad embankments in the bottoms, washing out miles of track. Train service is entirely abandoned and all attempts to repair have been temporarily given up. A number of people are thought to have been drowned, several are missing but the inability to reach the flooded districts prevents the gathering of positive news.

AT NEW ORLEANS.

The Mississippi River Has Reached the Highest Point Ever Known.

NEW ORLEANS, May 20.—The river now is over seventeen feet above low water mark and has reached the highest point ever known. Several streets in the city are overflowed. The wharfs are all under several inches of water. The Bonnet Carre crevasse is nearly 400 feet wide and the engineers claim that it is impossible to close it.

The water is encroaching upon Kennerly, ten miles above the city. The lake also shows signs of the crevasse water and is steadily rising. The city officials are at work raising the levees along the old and new basin to protect the rear portion of the city from overflow. All traffic on the Mississippi Valley road has been suspended.

Below the city reports come that the levees are giving way. Two breaks occurred last night at Harlem. The crevasse at Happy Point has now obtained a width of forty feet, and at Stoney's place the crevasse is widening. The damage so far from all crevasses in the state has reached the sum of \$2,000,000. The situation is gloomy.

Heavy Snows in the Northwest.

MINNEAPOLIS, May 20.—After rain had fallen all day snow began falling yesterday evening, accompanied by a stiff breeze from the northwest. Advices from North Dakota, South Dakota, Wisconsin and Minneapolis all report a heavy snow. Creeks and rivers are bank full. Rush City, Minn., reports a blizzard raging. The mills of Wilson, Wis., have been forced to shut down. At Pine City a blizzard has prevailed all day.

Storm Along the New Jersey Coast.

ASBURY PARK, N. J., May 20.—A terrific northeast storm is raging along this section of the coast, causing considerable damage in many parts of the beach and Sandy Hook. At Squan beach a two-masted schooner was driven on the inner bar by the tempestuous waves and is fast breaking up. The crew left the vessel and tried to swim ashore, but it is not known whether they succeeded or not.

SUSPICION FOUL PLAY.

An Indiana Village Greatly Excited Over the Mangled Remains of a Man.

CRAWFORDSVILLE, Ind., May 20.—The neighborhood of Yeddo, west of this city, in Montgomery county, is greatly excited over finding the mangled body of John Walton on the track of the Chicago and Indiana Coal road, on Monday last. It is intimated that a foul murder has been done, and some of the facts in the case point to such a possibility.

John Walton was a mysterious man. He appeared at Yeddo several years ago, and would give no account of himself, although frequently importuned. He was aged about sixty, of commanding presence, and he was a polished scholar, and was well supplied with money. He was long supposed to be a detective, but his avoidance of society raised a suspicion, and he himself became an object of doubt when it was discovered that he drew a large pension under the name of Thomas Burns.

Especially was he eyed askance when it leaked out that he was the original recipient of letters from Fredonia, Kan., addressed to William Alexander. But he held himself aloof from all, and lived the life of a hermit scholar. Last week, however, he had a stranger guest, who disappeared Saturday as mysteriously as he came. On Sunday night John Walton came to his death. When his body was found it was crushed to an unrecognizable mass, and was hastily buried. The remains were found in a place where Walton never was accustomed to go, however, and where he could have no possible motive in going.

As he did not drink and was always a cautious man, talk of murder became rife, and yesterday all was excitement when his vest was found in the brush half a mile from the scene of the accident, covered with blood and slashed by a knife in several places. His watch and money were gone from his person, and no papers can be found. It is claimed that he was murdered near where the vest was found, and the body was then placed upon the track to hide the crime. This is the general belief, and a thorough investigation is being made.

PRINCETON, Ind., May 20.—At Elberfeld Tuesday afternoon Henry Loveman was kicked to death while grooming a stallion. His body was taken from the stall with difficulty, the animal being so vicious.

WRECKED THE BUILDING.

Burglars Do Great Damage to the McArthur (O.) Depot.

MCARTHUR, O., May 20.—Burglars entered the Columbus, Hocking Valley and Toledo depot at this place early yesterday morning, and did a complete job in boring the safe and blowing it into atoms. The charge was so heavy that it awoke people from their sleep two blocks away from the depot. The safe was blown wide open and the office fixtures are a complete wreck. They were torn to pieces and the front of the depot was blown out.

The burglars secured about \$50 in money and took some of Agent Dalton's clothing, containing some books and papers. The work is supposed to be the work of professionals in disguise. They used a tomato can for a dark lantern. This depot seems to be a mark for burglars. It has been robbed about once a year since it was built.

The Horse's Day is Numbered.

ST. LOUIS, May 20.—Work commenced Wednesday on the reconstruction of twenty-three miles of street railroad in this city, three gangs of 200 men each starting simultaneously. It is expected that the roads will be running by overhead electricity this fall, and there will then be only one horse car road left in St. Louis. The popularity of rapid transit has become so great that it is impossible to make expenses out of a horse car line in the Mound City, and even cable roads are suffering from the extreme popularity of electricity as a motive power.

Carelessly Handled Gasoline.

SPRINGFIELD, O., May 20.—Mrs. Pat Loftus, of West Ninth street, was seriously burned Wednesday evening. While filling a gasoline stove she accidentally "run it over," and when she ignited a match the fiery material blazed up, and a terrific explosion followed. Her clothing caught fire, and the poor woman rushed from the house crying out in agony. Officers Record and Gregory rushed to her assistance, and succeeded in putting out the fire. Mrs. Loftus was badly burned about the hands and arms, and it is feared she may have inhaled the flames.

A Strange and Deadly Cattle Disease.

GUAYMAS, Mex., May 20.—An unknown plague is killing off cattle along the border, especially on the Elias range. The disease consists of a swelling of the head of the animals in an extraordinary manner, which is succeeded by general trembling or chill and a short time afterwards death. The same complaint is made from Arizona cattlemen on this side of the line, and the attention of the sanitary commissioners has been called to the fact.

Arrested as a Counterfeiter.

INDIANAPOLIS, May 20.—Ferdinand Siebert, an old and highly esteemed German citizen, was arrested by the federal officers yesterday on a charge of passing a counterfeit \$10 bill upon a neighbor. The bill is of the Webster-head issue and Siebert was warned of its spurious character by one of the banks at which he presented it for deposit. He was held under bond to await the action of the grand jury.

Saved Themselves, but Not the Mule.

SCIPIO, Ind., May 20.—Thomas Barriger, seated in a buggy drawn by a mule, with Simeon Carson riding on the mule, attempted to cross Sand creek. While the water was not deep, the current was very strong, sweeping the mule off its feet and drowning the animal. Messrs. Barriger and Carson had narrow escapes. The former is a large man, and unable to swim.

Freight Wreck.

COLLEGE CORNER, O., May 20.—Regular Cincinnati, Hamilton and Indianapolis eastbound through freight train No. 43, broke in three parts west of Liberty, Ind., yesterday. The head end and the middle portion came together again, derailing four loaded cars. All traffic was delayed about four hours in consequence, but no one was injured.

Druggists Will Mix.

CANTON, O., May 20.—The annual meeting of the Ohio Retail Druggists' association will be held in this city June 14, 15 and 16. Extensive arrangements to entertain the several hundred delegates are being made. A banquet, speeches and an excursion are on the program as attractions.

Athens Asylum Appointments.

ATHENS, O., May 20.—Among the appointments made by the trustees of the Athens asylum are Dr. Dunlap, of McArthur, superintendent; Dr. E. P. Cook, of Barlow, Washington county, first assistant; Marion Cline, of Middleport, steward, and Mr. Glenn, of Gallipolis, store keeper.

Suicide in a Box Car.

HAMILTON, O., May 20.—George W. Clark, of Wayne avenue, Dayton, suicided in a Cincinnati, Hamilton and Dayton box car last night with laudanum. He was still alive when discovered, but all efforts to revive him were futile.

White Caps Warn a Woman.

MILLERSBURG, O., May 20.—Mrs. Erinna Fritz, who keeps a saloon on West Main street, has received a White Cap notice to cease her business or suffer the consequences. Several other citizens have received similar notices.

Here's an Owl for You.

MAUDS, O., May 20.—Daniel Hughes, a farmer residing a short distance east of here, caught with a steel trap the largest owl ever seen in this section. It measured four and one-half feet from tip to tip.

Switchman Killed.

GALION, O., May 20.—James Artman, a young man twenty-one years old, unmarried, and a switchman in the Erie yards, fell from the top of a train and was instantly killed yesterday.

FRIDAY, MAY 20, 1892.

DEMOCRATIC TICKET.

Special Election Saturday, May 21.

For State Senator,
GARRETT S. WALL.

Election, November, 1892.

For Circuit Clerk,
ISAAC WOODWARD.

For Sheriff,
J. C. JEFFERSON.

To the Democrats of Lewis and Mason.

Without seeking the honor, the standard of the party, for the office of State Senator, has been placed in my hands. The election is Saturday next, May 21, 1892. Your cordial support is asked.

Every Democrat who has at heart the success of his party should be at the polls on Saturday. It is impossible for me to visit you in person, as I have but three days in which to make the canvass, but I trust that my services in the past will be a guarantee that I will faithfully discharge the duties of the office, should I be elected; and I hope that your devotion to your party will prompt you to see that I am elected, and cause you to notify your neighbors and friends to attend the election. Very truly yours,

May 16, 1892.

GARRETT S. WALL.

Vote for Wall to-morrow for State Senator.

A STATE SENATOR to fill the vacancy caused by the resignation of Hon. Chas. B. Poyntz will be held to-morrow. Vote for Wall.

THE trouble at all special elections is to get out the vote. The members of the Democratic Executive Committee should bear this in mind, and make special efforts to poll the full party strength for Judge Wall to-morrow.

SECRETARY FOSTER warns the Senate that the Treasury is almost empty. Senator Allison says there will soon be a surplus of \$25,000,000. Both of these are good Republicans, but they are wide apart on this question. Mr. Foster has charge of the Treasury department, though, and ought to know what he is talking about.

It is an open secret that many of the rank and file of the G. O. P. are carrying "razzers" in their boot legs or somewhere else for the first candidate the bosses of their party put up for office. They say they will take great delight in slaughtering him. Our neighbors up the street have some "old sores" in their own party that need attention.

REPUBLICAN talk about the tin industry will increase from now on till the Presidential election. There hasn't been much said about it for several months now, but the campaign is opening and tin industries will be springing up all over the country soon. Most of them, however, will be patterned after that one Governor Campbell described over in Ohio last fall.

A FEW years ago a certain Republican of this city was very anxious to make the race for State Senator, but he was "choked off" by the bosses of his party. We are told they actually wanted him to put up \$2,000 to carry the Republican County of Lewis. That was one move in the "choking off" game. This time the same fellows are anxious for him to run, but he hasn't announced himself yet, and is not likely to do so.

DR. TIGERT, fraternal delegate from the M. E. Church, South, to the General Conference of the Methodist Episcopal Church in session at Omaha, was hissed during a speech one day this week, and all because he remarked that "the Southern whites are the best friends of the colored men." Such actions are to be deplored, especially by a body of Christians. "It is the consensus of opinion," says an exchange, "that the insult offered Dr. Tigert will delay the proposed consolidation of the two churches."

Now read this, you admirers of Ohio's Governor. The Philadelphia Ledger (Rep.) thinks it a little hard on Governor McKinley "that the Republicans of Ohio in indorsing the tariff measure that bears his name should find the reciprocity features 'worthy of particular mention,' for it is well understood that these features were forced into the bill from without, forming no part of the original scheme."

This reminds us of a cartoon we saw not long ago, representing two big fat boys so nearly resembling each other that "you couldn't tell 't'other from which." One of them was named "Free Trade" and the other "Reciprocity." The free trade features of the McKinley bill are the features the Republicans of Ohio found "worthy of particular mention."

Hillis a Candidate.

The special election for State Senator to-morrow promises to be a lively one.

Captain Hillis, of Lewis, has reconsidered, and is a candidate. The Republican bosses sat up with him until a late hour last night, and he finally yielded to their pleadings and expostulations, and consented to run.

This is the latest information.

The district is very close politically, being about evenly divided between the two old parties, and it behooves the Democrats of both counties to get out the full vote to-morrow for Judge Wall.

This is necessary to insure a victory.

Let there be no stay-at-home Democrats to-morrow.

THE LATEST.

Since the above was written, a straight tip has been received that Mr. Hillis' name is only used to get Republican voters to the polls, and that the real candidate is Judge Pugh, a son-in-law of Judge Thomas.

Pugh's name will be on the poll-books.

CAPTAIN HILLIS regrets exceedingly, so he says, that a "press of business" and other matters prevent his making the race for State Senator. The BULLETIN has it pretty straight that the Captain went to Vanceburg last Monday morning to announce himself as a candidate. He thought then that Judge Garland would be the Democratic nominee. The BULLETIN can come as near as the next one telling why Mr. Hillis is not a candidate.

THE NEW COMET.

It Has Eight Tails and Beats the Record on This Particular Respect

Early risers, with the aid of an opera-glass, can now see the comet with the eight and half tails, says the Cincinnati Enquirer.

It is visible at 3 a. m., and appears near the constellation of Pegasus and just above the horizon. The comet is near the uppermost star of the four bright ones in the constellation. Professor Swift, of Rochester, discovered the comet several months ago, and it has been named for him. It is passing around the sun as far as possible, and will probably never visit us again.

Some photographs of it have been made by Professor Barnard, of the Lick Observatory. The photographs show the comet to have eight tails, which are two more than were possessed by the comet of 1744, which has hitherto held the record in this particular.

Besides these eight, this comet has a smaller tail shooting a long way out from the head of one of the others. Where the tails connect is a knot which looks something like the head of a smaller comet. The peculiar tail feature has attracted much attention from astronomers. Various explanations of the phenomenon have been offered.

It has been suggested that the comet may be surrounded by a semi-luminous mist, like the comet of 1882, and that the peculiar phenomenon may be due to this mist becoming visible in one part through some electrical working. This would explain the knot and possibly the sub-tail also.

The tails of the comet are some straight and some curved, the former composed of hydrogen or some light substance; the latter of a heavier one. The comet has passed around the sun and is now on its way in space.

The number of its tails, together with the peculiar sub-tail, makes it interesting alike to the astronomer and the ordinary observer.

Wanted to Marry His Daughter-in-Law

Peyton Brooks, a colored man living near Tuckahoe, applied to the County Clerk yesterday for a marriage license. During the preliminary talk it was learned that he wanted to marry his own daughter-in-law—the widow of his son George. The clerk soon let him know that such unions are not permitted by the laws of Kentucky. Three of Brooks' sons were drowned a few years ago while crossing the river at Ripley, and the woman he wants to marry now is the widow of one of the unfortunate.

Toup-LeMasne.

News has been received of the marriage of Mr. John K. Toup, formerly of this city, and Miss Emma M. LeMasne, of Los Angeles, Cal. The wedding took place Wednesday, May 4, at Los Angeles, Rev. Wm. H. Knight officiating. The groom is the eldest son of Mr. and Mrs. R. A. Toup. The couple will make their home at Los Angeles, in "the land of perpetual spring."

Court of Claims Adjourns.
Allowances.

The Court of Claims finished the business before it yesterday and adjourned. G. W. Blatterman, Superintendent of Schools, was allowed \$50 for stationery.

L. W. Robertson made a statement in the matter of the application of the Cabin Creek and Rectorville Turnpike Company for an appropriation. A motion to lay the application on the table was lost—yeas 9, noes 15, absent 2. The rules were then suspended, and, in lieu of the order made in 1889 in regard to the construction of said road, an appropriation of \$1,500 a mile was voted. Yeas 21, noes 3, absent 2.

A claim of A. Honan for \$3.75 was allowed.

A motion was carried that the costs of the election to be held Saturday, May 21, 1892, be listed with the Sheriff as other claims and paid.

Ben. D. Parry and the Union Trust Company were placed in nomination for Treasurer of the Maysville and Big Sandy Railroad bonds fund. Mr. Parry was elected.

T. M. Pearce presented his report showing disposition of an appropriation placed in his hands at last term to pay damages for right of way for a public road in Orangeburg precinct. Report received and filed.

The following claims and accounts were allowed:
William Bracken, groceries.....\$ 15 00
J. C. Jefferson, Sheriff fees..... 49 50
J. T. Suit, burying paupers..... 28 00
C. C. Worthington, Police Judge fees..... 14 00
Dr. F. M. Smith, medical account..... 5 00
R. C. Kirk, Jailor's account..... 1,750 40

A claim of J. T. Suit for burying three paupers was tabled.

A claim of Vicroy & Lee for clothing furnished pauper was referred to County Attorney, who is to report at next term.

In the matter of renting jail to the City of Maysville, it was moved that \$300 a year be charged. This was amended to make it \$240. The amendment carried by a vote of 17 yeas, 7 noes, 2 absent.

County Judge Phister and Justices Jacob Miller and C. W. Williams were appointed a committee with power to act in regard to the sewer at the jail.

The claim of the City of Maysville of \$71.20 for fixing the sewer at the jail was allowed. Said amount is to be expended in fixing the sewer.

Judge Emery Whitaker was permitted to make a statement in regard to Sallie Strode, who was sent to the County Infirmary as a harmless lunatic in 1883.

The following resolution was adopted and ordered spread upon the minutes:
Resolved, That Judge Emery Whitaker be requested to submit to this court in writing the charge of fraud on the part of the Infirmary Directors and Superintendent. In the event said charge is not submitted in writing his accusation shall be taken as false.

W. W. Ball, committee of Mary A. Beuley, presented his report, which was filed.

An account of Dr. J. W. Gault for medical services was allowed. The matter was afterwards reconsidered, and the claim was tabled.

'Squires Earnshaw and Raymond were allowed \$1.20 each for examining and receiving the Maple turnpike.

An account of Dr. H. L. Parry for medical services to Mrs. Hitt was tabled. His accounts for services to Wash Threlkeld, Mrs. Brown, colored, and John Worthington were tabled.

Dr. C. C. Owens presented a claim of \$40—\$30 for making two post mortem examinations and \$10 for medical services to two paupers. He was allowed \$10. The post mortem examinations were made by order of the Coroner, and the action of the court will result in a suit against the county for \$100.

The following appropriations to paupers were allowed:

John Wall, in hands J. M. Alexander.....\$ 25 00
Rebecca Ambrose, in hands A. F. Wood..... 25 00
Carrie Masterson, in her own hands..... 25 00
Lewis Wells, in hands James Earnshaw..... 10 00
Wm. Jackson and wife, in hands of same..... 25 00
Irene Poyntz, in hands of same..... 15 00

Ordered that S. P. Perrine be reimbursed for \$11.44 for delinquent taxes.

An account of J. M. Collis for work on road was tabled.

The accounts of the officers of election were allowed. The total is \$119.44.

The fees of the Justices for holding this court were allowed. Twenty-four of the Justices were present four days, and the fees of each amounted to \$12, the total being \$288.

G. W. Blatterman presented his report as County Superintendent of Schools, showing the distribution of the county school fund. The total received from the Sheriff under the last levy was \$14,128.05. Of this sum \$9,414.37 has been paid out, leaving a balance of \$4,713.68 still on hand.

The Sheriff was directed not to collect

the poll tax and Infirmary tax in the town of Chester, now Sixth ward of Maysville.

The road tax was fixed the same as last year.

A motion to allow the Justices of the Peace \$5 each for stationery was voted down.

The white and colored poll tax was fixed at \$1.50.

The following levy was made:

School tax.....15 cents on \$100
Infirmary tax..... 5 cents on 100
Turnpike and bridge tax 13 cents on 100
M. and B. S. R. R. tax..... 2 cents on 100
Deficit fund tax..... 7 1/2 cents on 100

Total.....42 1/2 cents on \$100

This is an increase of 5 cents over the levy last year. The increase was rendered necessary on account of the allowances made to build new turnpikes. The levy last year was:

School tax..... 15 cents on \$100
Infirmary tax..... 5 cents on 100
M. and B. S. R. R. tax..... 2 cents on 100
Turnpike and bridge tax 5 cents on 100
Deficit fund tax.....10 1/2 cents on 100

Total.....37 1/2 cents on \$100

The total county tax this year will amount to about \$39,000.

County Court.

The annual report of the Walton and Frazee Turnpike Company was filed. Balance April 4th, '91, \$7.70; receipts \$198.67, paid out \$120.50 leaving a balance now on hand of \$58.87.

I. L. McIlvaine executed bond in sum of \$4,000 as Chairman of the Board of Infirmary Directors, with O. N. Weaver, C. W. Williams and J. H. Grigsby as sureties.

A Successful Farmer.

Mr. G. F. Bateman, formerly of Lewisburg, but now of Lexington, has sold his crop of tobacco grown in 1891 for the following prices: Six thousand pounds grown in Mason County at 10 cents all round; 7,000 pounds grown on his farm in Fayette County at 11 cents, and 16,000 pounds at 12 cents all round, making 29,000 pounds, bringing him the neat little sum of \$3,290.

Notice.

TRIED TO KILL HIM.

Becky Bradford Makes a Murderous Attack on Mart Edwards, Last Evening.

'Squire Grant issued warrants yesterday for Ike Smith and Becky Bradford, charging them with adultery. Constable Dawson served the warrant on Smith and lodged him in jail to await trial.

The Bradford woman thought Mart Edwards gave the officers the information on which the warrants were issued, and she called last night at Edwards' home in the old Daulton house in the West End, to see about it. Edwards and his wife were in bed, and the Bradford woman entered the room with the remark, "Why didn't you tell me they had arrested Ike?" She then threatened to kill Edwards, and suiting the action to the words, she commenced slashing away at him with a knife. He threw up one arm and received a severe cut on the back of the wrist, and then succeeded in getting out of reach of the infuriated woman.

Deputy Marshal Bland arrested her shortly afterwards and lodged her in jail. The cases come up before 'Squire Grant this afternoon at 2 o'clock.

A CHRISTIAN MAN

In All the Walks of Life, Was the Late Thomas Parry—Tribute to the Deceased.

Thomas Parry, whose death has been noted, had attained an advanced age, having passed the three score and ten years by almost a dozen years.

Deceased was born on the farm and almost within a stone's cast of where he died, December 22, 1810. He was one of ten children—seven sons and three daughters—of Thomas and Mary Parry, coming of a sturdy, intelligent family. All his long life was passed in the community where he first saw the light of day, and no man could ever say a word against his good name for integrity, truthfulness and everything that goes towards making a man esteemed and respected among his fellowmen. He was modest and unassuming, yet possessed the right kind of firmness and determination when the occasion called for such qualities.

Thomas Parry was an upright, conscientious citizen, a kind neighbor and friend, and a sincere christian man in all the walks of life. "The memory of the just is blessed."

The funeral services were held at his late residence this morning at 10 o'clock. Rev. William W. Hall, of the Christian Church, of which Mr. Parry was a member, officiated.

TWO CONFERENCES.

Methodists and Presbyterians
in Session.

OMAHA AND PORTLAND, OREGON.

The Methodist Conference Adopts a New Scheme of Voting and Resumes the Election of Officers—Opening Day of the Presbyterian General Assembly at Portland, Oregon.

OMAHA, May 20.—Bishop Merrill, of Chicago, presided over yesterday's session of the Methodist conference. The bad weather has disappeared, and with the sunshine came large crowds. H. B. Wills, of Iowa, offered a resolution asking that the hymnals be abridged to 400 hymns, bound in substantial covers and sold to the poorer churches for fifty cents per copy.

The central German conference asked that the presiding elders of an annual conference and its laymen, delegates elected to the last general conference, constitute an advisory board or cabinet for the purpose of assisting the bishop at the sessions of the annual conference to station the ministers of the church. Referred.

James E. Briggs presented a resolution adopted by the general conference demanding that the editors of the official papers discontinue making them an agency for the promulgation of their partisan prejudices. Referred.

Mr. Amos Shinkle said he wanted to introduce a resolution that would save at least \$1,000 and a great deal of time. The resolution provided that during the election proceedings all but delegates should be excluded from the conference floor and that in voting all the delegates stand until the tellers passed them with the hat collecting the ballots, thus doing away with the call of the roll in voting. The resolution was adopted.

The election of officers was then taken up. The election of an editor of The Central Christian Advocate was the first in order. Dr. Stewart, of Kansas City, nominated Dr. Jesse Bowman Young, Elder Shank, of Nebraska, nominated Chancellor C. F. Creighton. Dr. Masden, of St. Louis; Dr. McElroy, of Illinois; Rev. J. C. W. Cox, of Dr. R. W. Goodwin, of Illinois; and Dr. W. T. Smith, of Iowa, were nominated.

The election created more excitement than anything that had preceded in the election line. Before the ballot was taken Bishop Merrill announced the election of Dr. Arthur Edwards as editor of The Northwestern Advocate by the last ballot taken on the previous day. Dr. Edwards got 307 votes out of a total of 458. The ballot for the editor of The Central Advocate was taken. Mr. Shinkle's scheme for balloting proved to be a veritable time saver. The ballot was taken in four minutes, whereas by the old way of calling the roll it required half an hour for each ballot. It resulted in the election of J. B. Young, of St. Louis.

Dr. C. W. Smith was the only man nominated for the editorship of the Pittsburg Advocate. His election was practically unanimous.

H. Liebhart was elected editor of Haus und Herd, of Cincinnati, receiving 367 votes.

Albert J. Nast, of Cincinnati, was elected editor of The Christian Apologist, receiving 365 votes.

B. F. Creary was elected editor of the San Francisco Advocate and E. W. Shammund editor of The Southwestern Advocate.

The conference decided to reconsider the motion by which the call for the presentations was shut off on May 18. It was decided to have one more full roll call for the introduction of resolutions.

A report of the committee on consolidation of benevolence was shot into the proceedings by a suspension of the regular order. It recommended that the Educational society and the Freedmen's Aid and Southern Educational society be not consolidated. The report was adopted, and again the friends of consolidation suffered defeat.

The Omaha Christian Advocate offers to donate its plant and subscribers to the conference if it is made an official paper. It will probably be accepted. Cleveland is making a hard pull for the next conference. A large delegation from that city is here and has presented a memorial to the conference, which was referred to the committee.

THE PRESBYTERIANS.

The First Day's Session of the General Assembly at Portland, Oregon.

PORTLAND, May 20.—The highest court of the Presbyterian church, known as the general assembly, convened here yesterday and will be in session for probably two weeks. It is the one hundred and fourth gathering of the body and the first that has taken place west of Omaha. It comes here in response to the invitation of the First church, and elaborate arrangements have been made by the citizens for the entertainment of the 2,000 commissioners, officers and visitors.

First church was crowded to suffocation when the proceedings were opened with devotional exercises including a sermon by the retiring moderator, Dr. William Henry Green, of Princeton Theological seminary. He was expected to deliver this sermon in person, but on account of illness it was read by Clerk Roberts.

Rev. John G. Riheldorfer, of Redwood Falls, Minn., the oldest minister in attendance, was made temporary moderator. After devotional services a recess was taken.

Among those who occupied the front pews were some of the ablest scholars of the Presbyterian church, including President Patton, of Princeton; Dr. Herrick Johnson, of McCormick; Dr. Morris, of Lane; Dr. Matthew B. Riddle, of Allegheny; Dr. Willis J. Beecher

REV. W. H. GREEN.

of Auburn; Dr. William Alexander, of San Francisco; Dr. W. C. Roberts, of Lake Forest; Dr. William E. Moore, of Columbus, O.; Dr. Booth, of New York; Dr. Nicolls, of St. Louis; Dr. Van Dyke, of Brooklyn, and Hon. Elliot F. Shepard, of New York.

The assembly spent all the afternoon endeavoring to elect a moderator. Nomination speeches were prohibited on motion of Elder George Junkin, of Philadelphia. The nominees were Rev. Robert Christie, of St. Paul; Rev. Wallace Radcliffe, of Detroit; Rev. T. Raiston, of Buffalo; Rev. W. A. Bartlett, of Washington; Rev. C. Young, of Danville, Ky.; Rev. S. A. Muchmore, of Philadelphia; Rev. William Alexander, of San Francisco; Rev. Simon J. McPherson, of Chicago, and Elder George Junkin, of Philadelphia. Christie, McPherson, Radcliffe and Junkin desired to withdraw, but the assembly refused consent.

Young led in the first ballot with 128 votes. McPherson, 117; Muchmore, 83.

On the second ballot Young ran up to 182; Radcliffe, 156; McPherson, 141; the rest scattering. Christie, Smith and Muchmore were then withdrawn.

Young was elected moderator on the third ballot, receiving 268 votes. Radcliffe had 150 and McPherson 98.

Dr. Young is president of Centre college, Louisville. He is just fifty years old. He is known as an able expounder of the Presbyterian doctrine. A fact that had a good deal to do with his election was that he was on the border line of the southern general assembly, which was divorced from the northern body on the question of slavery during the war. The election of Mr. Young, it is believed, will lead to the reunion of the northern and southern assemblies and the absorption of the latter. Dr. Young is a strong opponent of the Briggs element.

Unitarians to Be United.

CHICAGO, May 20.—The rupture between the Western Unitarians and the other Unitarians in the United States, which has existed since 1886, is at an end and will not be long before all the Unitarian churches will be united in harmony. At yesterday's session of the Western Women's Unitarian conference the last act of the delegates was to pass resolutions which will heal up the breach that has so long existed. The offering of the resolution caused a hard fight, but those in favor of peace carried the day.

Congress of the Baptist Churches.

PHILADELPHIA, May 20.—The Tenth annual congress of the Baptist churches of the United States convened in this city yesterday. Over 2,000 delegates are present. At the afternoon session the question "The Christian year: how far is its recognition advisable?" was discussed. Among the speakers were Professor H. G. Weston, Dr. Stockely and Dr. Faunce and Dr. MacArthur, of New York.

WORKED VERY QUIETLY.

A Negro Taken from Jail and Lynched at Manchester, Tenn.

NASHVILLE, May 20.—It was believed Wednesday that the mob would not get Charles Everett, a negro, who was in jail at Manchester for entering the sleeping apartments of two young ladies at Tullahoma. There was no excitement at Manchester and no fear of mob violence. The calm was illusive. The mob but bided its time. At 3 o'clock Thursday morning fifty armed men from Tullahoma went into Manchester and proceeded straight to the jail. They forced an entrance and in a few minutes Everett was swinging from the railroad bridge. He denied that he had entered the rooms of the girls with any evil intent, but so many assaults of negroes on white women are daily reported in the south that his denial did not avail. The work done, the mob dispersed so quietly that few people in Manchester knew of the deed until daylight.

ARBITRATION MAY END IT.

A Possibility That the 75,000 Granite Cutters May Return to Work.

NEW YORK, May 20.—Arbitration may end the troubles growing out of the granite workers' lockout, which has resulted in 75,000 men in different cities being unemployed. Both sides have expressed their willingness to submit their differences to three bishops of same or of different denominations.

The success of the late Cardinal Manning in settling the longshoremen's strike in London has suggested the advisability of church dignitaries taking the present trouble in this country in hand. Both the Manufacturers' association and the National Paving Cutters' union seem ready to arbitrate.

Deaths of a Day.

CRAWFORDSVILLE, Ind., May 20.—Judge Thomas F. Davidson died at his home here this morning at 9 o'clock. He was seized by the grip shortly after his hard work defending W. F. Pettitt for the murder of his wife, and has been ill with various diseases ever since. The immediate cause of his death was erysipelas, which set in Sunday.

Fatally Injured.

BRAZIL, Ind., May 20.—At 7 o'clock yesterday morning Jacob Wilson, an employe in the rolling mill, boarded a train on the Chicago and Indiana Coal railroad to ride to his home. In some manner he fell under the train and his head, back and chest were crushed terribly. The injuries will result fatally.

Left a Car Standing on the Track.

COALTON, O., May 20.—The yard crew left a car standing on the main track of the Cincinnati, Hamilton and Dayton road, and a passing freight train ran into it smashing up the car and damaging the engine to a considerable extent.

Congressional Convention.

TERRE HAUTE, Ind., May 20.—The Democratic congressional convention of the Eleventh district met at the court house at 11 o'clock yesterday and re-nominated Congressman Brookshire, Mr. Ward having withdrawn his name from the contest.

HOUSE AND SENATE.

What Was Done in Both Branches of Congress.

WASHINGTON, May 20.—In the house yesterday there was an attempt made by the free silver men to rally to the support of Mr. Bland, Democrat, of Missouri, who desired to have the silver bullion purchased, and that now in the treasury coined into silver dollars, the cost to be paid out of the senate to the government, which the chair ruled out of order. Mr. Bland taking an appeal which the house, however, refused to sustain; the silver men mustering only seventy-five votes. Mr. Johnson, Republican, of Indiana, again lectured the Democratic party for their failure to keep their pledges by passing a silver coinage bill. An amendment of Mr. Cogswell, Republican, of Massachusetts, appropriating \$1,016,185 for the eleventh census, was rejected. The house, after concluding only three pages of the bill, then adjourned.

The senate by three hours' rapid work got through with every item in the eighty-two printed pages of the river and harbor bill, and adopted all the committee's amendments, and then adjourned further discussion till tomorrow. In the course of the debate some instructive facts were stated as to the operation of the contract clause of the bill.

Burned Himself Up.
